*LHL Construction in Olivehurst, CA*

### ACM MACHINIST

At LHL, I ran the ACM (aluminum composite material) table. I cut and help prepare all of the companies ACM cladding, ensuring it was cut precisely, and in a timely manner.

- Ran multiple projects all at once, ensured materials are organized and don't get mixed up
- Made sure material would be prepared and ready to ship by tight deadlines
- Lifted heavy and fragile materials from pallets to cutting table, without scratching, denting, or otherwise hurting the material

*Starbucks in Truckee, CA*

### BARISTA

As a barista, I worked multiple positions, including the drive through and the bar. I prepared drinks and interacted with guests, all in a timely manner.

- Prepare a range of drinks from memory, and ensure they're made as accurately as possible
- Interact with guests at the drive through window as they wait for their drinks to be prepared
- Ensured store was well stocked and ready for sudden wave's of traffic at all times of the day

*Vail Resorts in Truckee, CA*

### LIFT OPERATOR

As a lift operator, I greeted guests and helped maintain safe loading and unloading of ski lifts. If needed, we would provide assistance for first timers.

- Maintain the lift to insure it stayed running all day, with no hiccups
- Keeping a close eye on all resort guests to insure everyone is safe and uninjured
- Prepare lift entrances and exits to make it as easy and straightforward as possible to load and unload

*Target in Auburn, CA*

### TECH CONSULTANT

As a tech consultant, I worked with guests to help diagnose and solve software or hardware issues. My responsibilities included:

- Provide guests technical solutions, whether it be for a new smart home, or helping an elderly guest with their first cell phone
- Helping guests find what they need, while also recommending relevant products
- Ensuring that merchandise recieved is pushed to the floor accurately, before the store opens in the morning
